The **REAL** Question: **Are YOU** treating yourself?

## About Leonardo - Founder & Water Steward

For over a decade, I've dedicated myself to researching and understanding Water. My journey began when I first experienced the remarkable effects of "living Water"...within just 10 minutes, a persistent headache disappeared.

From that moment on, everything changed. Experiencing truly balanced, living Water brought me greater energy, mental clarity, and vitality, even enhanced my running performance. Once you discover true balance, everything else becomes easier.

Now, my mission is simple ... to make Water health clear and accessible ... so others can experience the same life-changing impact.

## Minority Business Enterprise

Certified as a Minority Business Enterprise with the City of Indianapolis, we proudly contribute to economic inclusion and diversity within our region's business ecosystem.

## Water Quality Association's Gold Standard

We uphold Enagic's Gold Standard by supporting premium alkaline Water powered with trusted Kangen technology. Convenient delivery and independent solutions, hydration you can count on.

***We heal the Water, you heal yourself.***
