ABOUT US

Edit Me Lo's goal is to provide professional and highly creative graphic design and related services that will assist businesses, individuals and non-profit organizations in promoting their brands.

OBJECTIVE

Displaying visual stories to help your message display itself.

TIMELINE

This engagement will run approximately *2 weeks* from the Kick-Off Call to delivery. The agreed work for this project is:

A subscription-first ordering website built around variable-quantity ordering (1-10+ jugs at \$15/jug delivered) with weekly, bi-weekly, and monthly recurring delivery, automated recurring billing through your existing Square account, a refundable jug-deposit and starter-package add-on system, and a foundation ready to grow into ionizer-machine sales, a store locator, and Water Fam content. Delivered on one of the two build platforms detailed below.

PROJECT PROCESS

1. ✓ ~~Intro Call~~ **COMPLETE**
2. **Project Proposal** ← **YOU ARE HERE**
3. Service Agreement
4. Invoice (Deposit)
5. Kick-Off Call
6. Material Development (Design Phase)
7. Draft 1
8. Invoice (Remainder Payment)
9. Draft 2
10. Final Draft
11. Delivery of Work

SCOPE OF WORK

Below are two ways to build the same store. Both deliver an identical customer experience — variable-quantity subscription ordering, Square-powered recurring billing, a refundable jug deposit and starter-package add-on, and room to grow into ionizer sales and WaterFam content. They differ in platform, ownership, ongoing cost, and how easily you can edit the site yourself. Choose one; the costs for each are shown side by side in the Investment section.

Option A — Shopify Build — \$500

Your store is built on Shopify, a hosted e-commerce platform. We configure recurring subscription delivery, quantity selectors (1–10+ jugs at \$15/jug), weekly, bi-weekly, and monthly frequency options, and the starter-package add-on (hand dispenser plus refundable \$15 jug deposit). Shopify gives you a polished admin you can log into anytime to manage orders, customers, and products yourself, plus an app store to add a blog, store locator, and ionizer listings as you scale.

Deliverables

- Branded Shopify storefront with product pages and quantity selectors (1–10+ jugs)
- Recurring-billing setup with weekly, bi-weekly, and monthly delivery options
- Starter-package add-on flow (hand dispenser + refundable \$15 jug deposit)
- Customer accounts, order-history tracking, and demographic capture
- Self-service admin dashboard with a handoff walkthrough

Timeline: 2 weeks

Option B — Custom-Coded Build — \$250

Your store is custom-built by Edit Me Lo with a direct connection to your existing Square account through Square's API — no payment migration, no new processor, no lost customer data. We code exactly the flow you need: variable-quantity ordering, recurring delivery frequencies, automated Square billing, and the deposit and starter-package add-on. The site is lean, fast, fully owned by you, and structured so we can expand it into ionizer sales, a store locator, and Water Fam educational content down the road.

Deliverables

- Custom-coded storefront with quantity selectors (1–10+ jugs) and delivery-frequency options
- Direct Square API integration for payments and automated recurring billing
- Starter-package add-on flow (hand dispenser + refundable \$15 jug deposit)
- Order-history tracking and customer demographic capture
- Expandable foundation for blog/video content, a store locator, and ionizer listings

Timeline: 2 weeks

How the two options compare

How they compare	Shopify — \$500	Custom-Coded — \$250
Square payment integration	Square is not a native Shopify gateway; needs a third-party workaround	Direct Square API connection — keeps your processor, no migration
Recurring subscriptions	Handled by a subscription app (small monthly app fee)	Built into the site, billed through Square
Ongoing platform cost	Monthly Shopify plan plus app fees	None beyond an optional hosting / care retainer
Editing the site yourself	Full self-service admin dashboard you control	Edit Me Lo handles updates (simple CMS on request)
Adding blog, store locator, ionizers	Add quickly from Shopify's app store	Built to expand; added as development work
Ownership	Hosted on Shopify's platform	Fully owned by you, code and all
Best fit	Hands-on self-management and app flexibility	Tightest Square fit and lowest ongoing cost

Our recommendation: pending final integration testing, the custom-coded build is the closest fit for your hard requirement — keeping Square with no customer migration — and comes in at the lower price. If day-to-day self-management matters most to you, Shopify is the better home. Either way, the same subscription experience ships in two weeks.

INVESTMENT

Sponsored engagement — no cost to you. As a mentee of the Indiana Urban League, this project is sponsored on your behalf — the Indiana Urban League is covering the investment, so there is no out-of-pocket cost to Leo's Alkaline Water. The figures below reflect the full value of the work and are provided for transparency and for the sponsoring organization's records.

Client(s) shall render payment in the following forms:

- Any major Credit Card
- Check or ACH

The terms and conditions of this Statement of Work have been agreed to by the parties hereto and are made a part of the Agreement to which this Statement of Work. In the event of conflict between the terms and conditions of the Agreement and this Statement of Work, the terms and conditions of the Agreement shall be controlled. Such terms and conditions and this Statement of Work may be modified or amended only by means of a writing executed by the authorized representatives of the parties hereto.

Client shall submit payment for services as follows:

PAYMENT SUMMARY

	Option A Shopify	Option B Custom-Coded
Total Projected Cost	\$535.00	\$267.50
Projected Cost	\$500.00	\$250.00
Processing Fee(s) (7%)	\$35.00	\$17.50
50% Deposit (Non-Refundable)	\$267.50	\$133.75
Final Payment	\$267.50	\$133.75

Note: The final payment is the difference; total project payment minus the down payment. Processing Fees are included in invoices.

Disclaimer: *The prices listed are an estimate for the services discussed. This summary is not a warranty of final price. Estimates are subject to change if project specifications are changed or costs for outsourced services change before a contract is executed.*

WHAT I NEED FROM YOU TO GET STARTED

To lock in your start date and keep the two-week build on schedule, please send the items below. The sooner they arrive, the sooner we can hold your Kick-Off Call and start building.

- **Logo & brand suite** — we already have your logo — we still need your exact brand color codes (HEX) and your preferred fonts / typography.
- **Company info** — the business email, phone number, and social media links you want featured on the site.
- **Products & services** — a list of what you offer with short descriptions and pricing — jugs, ionizer machines, starter packages, and anything else.
- **Website copy** — any specific wording you'd like on the site, including taglines, About text, and Water Fam messaging.
- **Photos & videos** — any product, delivery, or brand photos and videos you'd like us to feature.
- **Scheduling links** — any booking or scheduling links you'd like embedded (if applicable).
- **Inspiration sites** — links to any websites whose look or features you love, so we can match the vibe (if applicable).

THANK YOU

Thank you, Leo. We're excited to help Leo's Alkaline Water turn Water Fam into an effortless, subscription-first ordering experience — fresh water, delivered on schedule, billed automatically through the Square account you already trust. You've built something your community counts on; let's give it a home online that's just as dependable.

Next step: Sign the Service Agreement and submit your deposit to reserve your start date.
